Good afternoon,

I wanted to share information with the community regarding the upcoming Nevada County Board of Supervisors meeting on Tuesday, October 6, 2026, at the Truckee Town Hall, 10183 Truckee Airport Road.

October 6 Board Meeting

The Board is expected to consider the County's commercial cannabis dispensary applicant selection process, including the Request for Applicants and Application Evaluation Scorecard that would be used to evaluate applicants for the North San Juan and Soda Springs areas. The meeting agenda is subject to change until it is formally posted on October 1.

What This Means

The County's current process allows for the potential selection of up to two retail storefront dispensaries—one in North San Juan and one in Soda Springs. No applicant, operator, or specific dispensary location has been selected at this time.

If the Board approves moving forward with the process, applicants would be able to propose locations that meet the requirements of the County's Cannabis Ordinance. Any selected applicant would still be required to complete the County's separate land-use permitting process before a dispensary could be established.

Meeting Information and Additional Resources

The Board of Supervisors agenda and supporting materials are scheduled to be available October 1 and will include the meeting time, information regarding the item, and instructions for participating and providing public comment.

Additional information about the dispensary selection process, including the Request for Applicants, Application Evaluation Scorecard, public comments, and other materials, is available on the [County's](#)

[Commercial Cannabis Dispensary Application Evaluation Committee webpage.](#)

Information regarding the Board of Supervisors and their meetings is available on the [Nevada County Board of Supervisors](#) webpage. The October 6 agenda will be posted on the [Nevada County Board of Supervisors - Agenda Center](#) webpage beginning October 1.

We encourage interested community members to review the materials and participate in the October 6 Board meeting. Please feel free to share this information with others who may be interested.

Thank you,
