

FW: October 20, 2026 - Nevada County Board of Supervisors Meeting

From: Matt Kelley (matt.kelley@nevadacountyca.gov)

Date: Sunday, October 18, 2026 at 09:32 PM PDT

Good evening,

I am following up regarding the information recently distributed to community members and stakeholders concerning the upcoming October 20, 2026, Nevada County Board of Supervisors meeting.

Our original email distribution resulted in several undeliverable notices, so I wanted to forward the information again to help ensure that interested community members and stakeholders have an opportunity to review the materials and participate in the upcoming meeting.

As outlined below, the Board will be considering proposed amendments to the commercial cannabis dispensary applicant selection process for North San Juan and Soda Springs, including establishing a minimum qualifying score of 70% and clarifying the process if no applicant meets that threshold.

If you have already received this information through another County distribution, please disregard this duplicate notice.

Thank you for your interest and participation. Please feel free to share this information with others who may be interested.

Thank you,

**NEVADA

Subject: October 20, 2026 - Nevada County Board of Supervisors Meeting

Good afternoon,

I wanted to provide a brief update following the October 6, 2026, Nevada County Board of Supervisors meeting and invite interested community members to the upcoming Tuesday, October 20, 2026, Board meeting.

On October 6, the Board of Supervisors approved the Request for Applicants and Application Evaluation Scorecard for the potential establishment of commercial cannabis dispensaries in North San Juan and Soda Springs. During the meeting, the Board also directed staff to establish a minimum qualifying score that applicants must achieve to be eligible for selection.

In response to the Board's direction, staff is proposing a minimum qualifying score of 70%, along with amendments clarifying the process if no applicant meets the minimum score. The Board will consider these proposed amendments and the corresponding revisions to the application materials on October 20.

For additional background on the October 6 meeting, please see the County's October 9 press release: [Supervisors Approve Selection Process for Cannabis Dispensaries in North San Juan, Soda Springs • Nevada County, CA](#)

These amendments relate specifically to the applicant selection process. No dispensary operator or location has been approved, and any selected applicant must still complete the County's separate land use permitting process.

The meeting agenda, supporting materials, and public participation information will be available through the [Nevada County Board of Supervisors Agenda Center](#)

Additional information about the dispensary selection process, including the Request for Applicants, Application Evaluation Scorecard, public comments, and other materials, is available on the [County's Commercial Cannabis Dispensary Application Evaluation Committee webpage](#).

We encourage interested community members to review the materials and participate in the October 20 meeting. Please feel free to share this information with others who may be interested.

Thank you,
